

HARISH NAGARAJAN

Global Delivery & Business Transformation Leader

harishdelivery.cx@gmail.com | +91-9360022177 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Executive leader with 20+ years of experience driving global delivery, business transformation, and P&L growth for SaaS and technology enterprises. Proven ability to build and scale high-performance delivery organizations that consistently improve margin, accelerate revenue realization, and enhance customer outcomes across geographies. Recognized for translating strategic vision into structured, scalable, and profitable execution — serving as a trusted partner to CXOs across the US, AMEA, and EMEA markets.

CAREER IMPACT AT A GLANCE

Financial & P&L Growth	Delivered 40% Vs 25%+ operating margin across service delivery with 90%+ on-time revenue conversion
Customer Excellence	Drove +40 Vs 10 -point NPS uplift in 12 months; sustained 4.7+ Vs 4.1 CSAT across global accounts
Operational Scale	Scaled teams from 0 to 75+ engineers; drove 3X headcount growth contributing to revenue jump from \$3.5M to \$6M
Delivery Transformation	Reduced implementation cycle time by 50% (120 days to 50+ days); improved conversion rates from 60% to 85% via data-driven frameworks
Retention & Expansion	Reduced early lifecycle churn to 15% Vs 40%; grew cross-sell/upsell by 20% through shift-left success model
Billing & Revenue Ops	Improved billing conversion from 60% to 95% on-time, eliminating revenue leakage at scale

CORE COMPETENCIES

Global Delivery Leadership & Governance	P&L Ownership & Revenue Growth	GTM Strategy & Execution
SaaS Onboarding & Implementation at Scale	NPS/CSAT Transformation & CX Design	Operating Model Design & Transformation
Enterprise Stakeholder & CXO Engagement	Program & Portfolio Management (\$30M+)	Change Management & Distributed Teams

WORK HISTORY

D4 Insights — Senior Delivery Manager (Client: ENBD) *Jan 2025 – Dec 2025*

Chennai, India

- **Organizational Growth & Revenue Impact:** Spearheaded delivery-led growth that tripled headcount within 9 months and drove revenue from \$3.5M to \$6M — directly linking delivery excellence to commercial expansion at scale.
- **Large-Scale Team Leadership:** Built, led, and mentored a 75+ member offshore engineering organization spanning diverse technical domains, establishing delivery governance, performance frameworks, and a culture of accountability.
- **Billing & Revenue Realization:** Transformed billing operations by improving on-time conversion from 60% to 95% month-on-month — eliminating revenue leakage and strengthening cash flow predictability across all client engagements.
- **CXO Stakeholder & Client Engagement:** Served as primary vendor leadership representative in CXO-level Steering Committees, presenting delivery progress, performance metrics, and strategic roadmaps — building trusted advisor relationships underpinning long-term client retention.
- **Delivery-Sales Alignment:** Partnered with Sales and Customer Success to proactively map client demand to the right skills and capacity, reducing ramp time and enabling faster revenue conversion on new opportunities.
- **Operational Visibility & Governance:** Designed centralized executive dashboards consolidating resource pipeline, capacity planning, and billing data — enabling real-time decision-making and improving leadership confidence in delivery health.
- **Brand & Capability Development:** Championed internal marketing and employer branding initiatives focused on capability growth and employee engagement, contributing to talent retention and strengthening D4 Insights' delivery-first positioning.

Netcore Cloud — Global Delivery Head, Senior Vice President *Jun 2022 – Aug 2024*

Chennai, India

- **Global Delivery Leadership at Scale:** Led a 45-member global delivery organization across multiple geographies, driving end-to-end onboarding, implementation, and customer experience for SMB and enterprise clients across complex, multi-country rollouts.
- **P&L Ownership & Revenue Acceleration:** Owned a \$5M+ annual onboarding P&L, partnering with Sales, Pre-Sales, and Customer Success to improve revenue velocity, conversion efficiency, and margin predictability across segments.
- **Operating Model Transformation:** Designed and scaled a global delivery operating model across people, process, and platforms — delivering a 50% reduction in implementation cycle time and 85% improvement in conversion rates across diverse markets.
- **Customer Retention & Expansion Engine:** Built a shift-left success framework that reduced early lifecycle churn by 25% and increased cross-sell/upsell by 20%, strengthening LTV and net revenue retention across SMB and enterprise portfolios.
- **Product & Market Alignment:** Established a closed-loop feedback system between delivery and product, converting customer insights into roadmap priorities — reducing onboarding friction and improving product-market fit.
- **AI-Driven Delivery Innovation:** Led evaluation and integration of GenAI solutions into delivery workflows, improving team productivity, standardization, and scalability in high-volume, integration-heavy environments.
- **Executive Stakeholder Management:** Acted as strategic advisor to CXOs and senior stakeholders across global accounts, aligning delivery outcomes with business objectives and building long-term partnerships.

Sakon — Program Manager*Jul 2020 – Jun 2022*

Chennai, India

- **Portfolio Leadership & Outcomes:** Managed a \$5M+ strategic program portfolio focused on telecom cost optimization, consistently delivering 90%+ on-time execution and achieving a 30% improvement in client CSAT through strengthened governance.
- **Data-Driven Operational Innovation:** Led integration of advanced analytics into the client reporting ecosystem, reducing manual effort by 40% and enabling real-time, insight-driven decision-making for leadership and client stakeholders.
- **Delivery Excellence & Predictability:** Designed and implemented a scalable hybrid (Agile/Waterfall) delivery framework, accelerating time-to-market by 25% and significantly improving execution predictability across programs.
- **Team Leadership & Capability Building:** Managed and mentored a cross-functional team of 4 Project Managers and 10 Analysts, achieving 95% retention and improving team throughput by 15% through structured coaching frameworks.

Freshworks — Senior Engagement Manager*Mar 2019 – Apr 2020*

Chennai, India

- **Strategic Onboarding & Revenue Realization:** Managed end-to-end implementation and onboarding for 35 customers annually across AMEA and EMEA, converting new sales into live, revenue-generating deployments across SMB and enterprise segments.
- **Customer Retention & Adoption Growth:** Improved retention by 10% within one year for key EMEA accounts by designing tailored onboarding programs that accelerated time-to-value and product adoption.
- **Cross-Functional GTM Execution:** Partnered with Sales, Product, and Customer Success to operationalize regional GTM execution across Retail, Travel, Banking, and Media industries.
- **Quality Assurance, Risk & Governance:** Drove functional testing, risk identification, and proactive reporting frameworks, ensuring delivery quality, early issue resolution, and strong stakeholder visibility throughout the project lifecycle.

Synechron — Associate Director*Feb 2017 – Mar 2019*

USA (Onsite)

- **Strategic Client Ownership & P&L Delivery:** Owned P&L and end-to-end delivery for a \$10M+ transformation program with a leading FinTech client, delivering 25% margin on a fixed-bid model while maintaining alignment to business outcomes and quality benchmarks.
- **Onsite Program Leadership:** Led a 35-member team deployed at client location as the primary delivery lead and single point of accountability — driving execution, stakeholder alignment, and rapid decision-making in a high-visibility environment.
- **Revenue Growth & Account Expansion:** Drove upsell and cross-sell opportunities, led proposals, and contributed directly to account growth and regional pipeline expansion through sustained C-suite relationship management.
- **Global Delivery Model & Governance:** Established and governed delivery across onshore, nearshore, and offshore teams, implementing standardized processes and quality benchmarks to ensure predictable, scalable execution.

Capgemini — Engagement Manager*Jun 2011 – Feb 2017*

USA (Onsite)

- **End-to-End Engagement Ownership:** Led a \$10M transformation program at client location, managing a 25-member cross-functional team across multiple vendors — accountable for delivery, quality outcomes, and overall program success.
- **Quality-Led Transformation Execution:** Drove end-to-end quality engineering strategy during COTS to digital product migration, minimizing production risks during large-scale transformation.

- **Automation & Regression Optimization:** Drove automation strategy across functional and regression suites, increasing regression coverage by 30% and reducing manual testing effort by 50% — significantly improving release efficiency.
- **Cost of Quality (CoQ) Optimization:** Established CoQ metrics and governance, balancing prevention, appraisal, and failure costs — driving better defect containment, reduced rework, and optimized testing investments.
- **Agile Pod Enablement & Risk Management:** Designed Agile pod structures with embedded QA, improving defect detection and release velocity while instituting proactive risk frameworks to reduce escalations.
